

III INTERNATIONAL SCIENTIFIC CONFERENCE - "NEW TECHNOLOGIES IN MEDICINE - INTERDISCIPLINARY PATIENT CARE "

CONFERENCE PROGRAMME

OPENING OF THE CONFERENCE (13:00 - 13:05)

Moderator

Dr. Łukasz WYSIĘŃSKI, MD, PhD, Dean of the Faculty of Medical and Social Sciences, Warsaw Medical Academy, Warsaw, Poland

Assoc. Prof. Dr. Nikolaos BAKALIS, Dean of the Faculty of Nursing, University of Patras, Patras, Greece

PLENARY SESSION (13:05 - 14:30)

13:05 – 13:35

Dr. Łukasz WYSIĘŃSKI, MD, PhD, Specialist otolaryngologist, Dean of the Faculty of Medical and Social Sciences, Warsaw Medical Academy, Warsaw, Poland

Assoc. Prof. Dr. Nikolaos BAKALIS, Dean of the Faculty of Nursing, University of Patras, Patras, Greece

Anatomical changes in the structure of the nasal cavity and nasopharynx as a cause of recurrent and chronic upper respiratory tract infections

13:35-14:05

Asst. Prof. Dr. Beratiye ÖNER, Nursing Department, Fundamentals of Nursing, Lokman Hekim University, Turkey

Nursing-sensitive indicators from an interdisciplinary perspective

14:05-14:35

Barbora PLISKOVÁ, PhD, Department of School Education, Faculty of Humanities, Tomas Bata University in Zlín, Czech Republic

Distance learning in foster families

ORAL PRESENTATIONS OF THE PARTICIPANTS OF THE 3RD INTERNATIONAL SCIENTIFIC CONFERENCE (14:35 - 19:55)

MODERATOR

Marta KRUSZEWSKA, MSc, student, Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Poland

14:35 – 14:55

Asst. Prof. Dr. Selen Güçlü DURGUN, Department of Medical Biology, Faculty of Medicine, Lokman Hekim University in Ankara, Turkey

The impact of genetics and genomics for personalized medicine

14:55 – 15:05

Marta KRUSZEWSKA, MSc, student, Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Student Scientific Society "Niebanalni", Poland

The nurse's contribution to the prevention of postoperative complications

15:05 – 15:15

Melek SARAY, Asst. Prof. Dr. Esra TÜRKER, Nursing Department, Lokman Hekim University, Turkey

The importance of an interdisciplinary approach in geriatric assessment

15:15 - 15:25

Assoc. Prof. PhDr. Elena ŽIAKOVÁ, PhD., Department of Physiotherapy, Faculty of Nursing and Professional Health Studies, Slovak Medical University in Bratislava, Slovak Republic

The efficacy of physical therapy and exercise for treating non-specific neck pain

15:25 - 15:35

Fatma Nur DUMAN, Prof. Dr. Zehra GÖLBAŞI, Asst Prof. Dr. Esra TÜRKER, Nursing Department, Lokman Hekim University, Turkey

An interdisciplinary approach in promoting reproductive and sexual health in women with cancer

15:35 – 15:45

Beáta DEUTSCHEROVÁ, Ph.D student, Department of School Pedagogy, Faculty of Humanities, Tomas Bata University in Zlín, Czech Republic

Digital technologies in a kindergarten

15:45 – 15:55

Hlias MOLOS, Ph.D student, Assoc. Prof. Dr. Nikolaos BAKALIS, Department of Nursing, University of Patras, Patras, Greece

P.H.C. and the role of interdisciplinary education in the Health Care Team

15:55 – 16:05

Piotr JÓŹWIAK, Maria WYSIĘŃSKA, student, Department of Medicine, Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University of Technology and Humanities in Radom, Poland

AI-powered virtual assistants for patient monitoring and care management

16:05 – 16:15

Turkaslan JAVADI, student, Faculty of Health Sciences, Department of Physical Therapy and Rehabilitation, Muğla Sıtkı Koçman University, Muğla, Turkey

Complications of bedridden patients and rehabilitation period

16:15 – 16:25

Maria KAFKA, student, International University of Greece in Thessaloniki, Thessaloniki, Greece

Preeclampsia and eclampsia in pregnant women

16:25 – 16:35

Bianka WIDERSKA, student, Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Student Scientific Society "Niebanalni", Poland

Specifics of the nursing process for the patient with Alzheimer's disease

16:35 – 16:45

Dominika DYJAS, student, Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Student Scientific Association "Niebanalni", Radom, Poland

Radiological diagnosis of patient with Rheumatoid arthritis

16:45 – 16:55

Daria KULIKOWSKA, student, Dorota TRYBUSIŃSKA, PhD, Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland

Caring for a patient with small cell lung cancer

16:55 – 17:05

Aleksandra KUMOSZEWSKA, student, Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland, Work supervisor: **Dorota TRYBUSIŃSKA, Ph.D**

Interdisciplinary nursing care for a patient with Alzheimer's disease

17:05 – 17:15

Karolina CIECIORA, student, Aneta MUSIAŁ, MSc, Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland

Colorectal cancer prevention

17:15 – 17:25

Karolina CIECIORA, student, Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland, Work supervisor: **Dorota TRYBUSIŃSKA, Ph.D**

Stroke- risk factors and prevention

17:25 – 17:35

Aleksandra KUMOSZEWSKA, student, Małgorzata CHMIELEWSKA, Ph.D., Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland

Gastric cancer in interdisciplinary nursing care

17:35 – 17:45

Karolina CIECIORA, student, Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland, Work supervisor: **Dorota TRYBUSIŃSKA, Ph.D**

Comprehensive nursing care for a patient after myocardial infarction

17:45 – 17:55

Aleksandra KUMOSZEWSKA, student, Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland, Work supervisor: **Dorota TRYBUSIŃSKA, Ph.D**

Management of the nursing team in the care and care of a patient with multiple myeloma (plasmocytic)

17:55 – 18:05

Daria KULIKOWSKA, student, Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland, Work supervisor: **Dorota TRYBUSIŃSKA, Ph.D**

Interdisciplinary nursing care for a patient after breast mastectomy

18:05 – 18:15

Aleksandra KUMOSZEWSKA, student, Dorota TRYBUSIŃSKA, Ph.D., Department of Nursing, Faculty of Medical Sciences and Health Sciences, Student Scientific Association "Modern Nursing", Kazimierz Pulaski University Technology and Humanities in Radom, Radom, Poland

Living with dialysis - nursing care for a haemodialysis patient

18:15 – 18:25

Marina DUBOVIK¹, student, Patrycja MATUSZEWSKA¹, student, Mariola Mendrycka², Ph.D, ¹Faculty of Medical and Social Sciences, Warsaw Medical Academy, Warsaw, Poland, ²Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Poland

Fungal infections of the eyes

18:25 – 18:35

Zuzanna CHOLEWIŃSKA¹, student, Antonina BUNII¹, student, Dr. Łukasz WYSIEŃSKI¹, MD, Ph.D, Urszula KOSIKOWSKA², DsC, PhD, ¹Faculty of Medical and Social Sciences, Warsaw Medical Academy, Warsaw, Poland, ²Department of Pharmaceutical Microbiology, Faculty of Pharmacy, Medical University of Lublin, Poland

Bacterial infection of the eyes

18:35 – 18:45

Julia GOZDAN¹, student, Justyna KONDRACKA¹, student, Dr. Łukasz WYSIEŃSKI¹, MD, Ph.D, Mariola MENDRYCKA², Ph.D., ¹Faculty of Medical and Social Sciences, Warsaw Medical Academy, Warsaw, Poland, ²Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Poland

Infections of the eyes caused by Demodex

18:45 – 18:55

Agnieszka PARDUS¹, student, Klaudia RACKA¹, student, Dr. Łukasz WYSIEŃSKI¹, MD, Ph.D, Mariola MENDRYCKA², Ph.D., ¹Faculty of Medical and Social Sciences, Warsaw Medical Academy, Warsaw, Poland, ²Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Poland

Infections caused by canine ascarid - symptoms, treatment and prevention

18:55 – 19:05

Agnieszka WOŹNIAK – KOSEK¹, DsC, PhD, Terézia KRČMÉRYOVÁ², prof. PhDr. Mariola MENDRYCKA³, PhD, Zuzana SLEZÁKOVÁ², prof. PhDr., MPH ¹Department of Laboratory Diagnostics, Military Institute of Medicine – National Research Institute, Warsaw, Poland, ²Institute of Health Ethics, Faculty of Nursing and Medical Professional Studies; Slovak Medical University in Bratislava, Slovakia, ³Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Poland

Adherence to hand hygiene procedure by health care workers. Multi-center work

19:05 – 19:15

Magdalena SZMULIK¹, Ph.D student, Mariola MENDRYCKA², Ph.D, Agnieszka WOŹNIAK-KOSEK³, DsC, Ph.D, ¹Military Institute of Aviation Medicine, Warsaw, Poland. Scientific Aspect Prepared in Cooperation with Department of Laboratory Diagnostics, Military Institute of Medicine - National Research Institute, Warsaw, Poland, ²Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Poland, ³Department of Laboratory Diagnostics, Military Institute of Medicine – National Research Institute, Warsaw, Poland

Application of the modified flow cytometry method to the analysis of selected morphotic elements in urine

19:15 – 19:25

Assoc. Prof. Dr. Nikolaos BAKALIS¹, Mariola MENDRYCKA², Ph.D, Agnieszka WOŹNIAK-KOSEK³, DsC, Ph.D, ¹Department of Nursing, University of Patras, Patras, Greece, ²Faculty of Medical Sciences and Health Sciences, Kazimierz Pulaski University Technology and Humanities in Radom, Poland, ³Department of Laboratory Diagnostics, Military Institute of Medicine – National Research Institute, Warsaw, Poland

The common dimension of care for patients with intestinal disease

19:25 – 19:35

Anna MENDRYCKA, student, Institute of Psychology, Faculty of Social Sciences, Catholic University of Lublin, Lublin, Poland

Psychological care for a cancer patient

19:35 – 19:45

Maria KOSEK, student, Faculty of Veterinary Medicine, Warsaw University of Life Sciences,
Warsaw, Poland

Zoonotic diseases with the example of Borrelia Spirochete infection

19:45 – 19:55 – SUMMARY AND END OF THE CONFERENCE
